INVESTMENT PROMOTION AGENCY OF MAURITANIA

REGULATORY
FRAMEWORK AND
INCENTIVES

The sector is governed by the Fisheries Code, which promotes resource conservation and offers incentives for investors.

The Investment Code offers benefits, tax and customs incentives for land-based fish processing projects.

The Mauritanian Institute for Oceanographic Research (IMROP) monitors production volumes and ensures marine safety.

The National Office for the Sanitary Inspection of Fisheries and Aquaculture Products ensures hygiene and compliance control of products, establishments, and production areas.

The Investment Promotion Agency of Mauritania (APIM), a public institution, is committed to supporting your investment projects in Mauritania.

APIM

We offer a full range of services, from business advisory, company creation, access to tax incentives, and personalized aftercare support. Our mission is to streamline your administrative procedures and ensure the success of your investments.

All our services are offered free of charge.
