MINING

IN MAURITANIA

MAURITANIA

- Official Name : **Islamic Republic of Mauritania**
- Population : **5,3 million**
- Area : **1 030 700 km²**
- Currency : **Mauritanian Ouguiya (MRU)**
- GDP : **10.77 billion USD**

Industry Overview

Mauritania, rich in mineral resources, positions itself as a key producer in Africa, with **significant reserves of iron, gold, copper, gypsum**, and other mineral resources.

The country has over **900 mining indices**, mainly located in the **Tiris Zemmour** and **Inchiri** regions. The port infrastructures in Nouakchott and Nouadhibou, along with the **railway connecting** Zouérate to Nouadhibou, facilitate the export of minerals.

REGULATORY
FRAMEWORK AND
INCENTIVES

The mining sector in Mauritania is governed by the **Mining Code**, which regulates the activities of exploration, exploitation, and closure of mines. **Standard mining agreements** define the terms of contracts between the State and companies, providing legal and fiscal guarantees. **The Investment Code** offers tax and customs exemptions for transformation and processing projects. As a member of the Extractive Industries Transparency Initiative (EITI), Mauritania also encourages sustainable development initiatives and environmental preservation in mining activities.

The Investment Promotion Agency of Mauritania (APIM), a public institution, is committed to supporting your investment projects in Mauritania.

APIM

We offer a full range of services, from business advisory, company creation, access to tax incentives, and personalized aftercare support. Our mission is to streamline your administrative procedures and ensure the success of your investments.

All our services are offered free of charge.
